EDUCATION

Graphic Era Hill University — Bhimtal, Uttarakhand
Bachelor of Technology; GPA: 8.8 — *Aug. 2022 – Aug. 2026*

Jawahar Navodaya Vidyalaya — Pithoragarh, Uttarakhand
Intermediate and High School; PER: 81 and 89) — *April. 2018 – May. 2022*

PROJECT

Task-Manager Pro   **June 2025 - July 2025**

- Developed Task-Manager Pro, a task management web application to streamline daily task organization and team collaboration.
- Implement user authentication (signup, login and password recovery) with secure JWT- based access, ensuring data protection.
- Designed an intuitive task management system with CURD operations, improving task completion efficiency.
- Enabled team collaboration by allowing task sharing and assignments, boosting team productivity.
- Integrated email notifications for task updates and deadlines, reducing missed deadlines.
- Built using React.js, Node.js, MongoDB, AWS S3/EC2 and JWT authentication, ensuring scalability and performance.

E-commerce Store   **May 2025**

- Built a responsive full-stack e-commerce web application with user-facing product catalog, shopping cart, and order management system using the MERN stack.
- Created an admin dashboard for managing products, orders, and inventory, including add/edit/delete product features.
- Ensured responsive design and cross-browser compatibility using CSS Flexbox/Grid and media queries.

Portfolio Builder   **April 2025**

- Developed a dynamic web application enabling users to create and customize professional portfolios with real-time previews.
- Integrated drag-and-drop features using React.js enhancing user experience and reducing portfolio creation time by 40%.
- Built with React.js, Node.js and MongoDB and deployed on AWS S3/EC2, ensuring fast load times and scalability.

CERTIFICATION

- **Front End Development**: I have learned HTML, CSS, JavaScript, and React to build modern, responsive, and interactive web user interfaces.
- **Full Stack Web Development:** It helps to cover both frontend and backend technologies. It also includes version controls, AAPIs, deployment techniques and some hands-on project.
- **SQL programming for Data Analysis**: I have learned SQL programming for Data Analysis, including writing queries to extract, filter, aggregate, and analyze data from relational databases.

PROGRAMMING SKILLS

- **Languages**: Python, JavaScript, C/C++, SQL, Java, HTML, CSS, PHP
- **Frameworks**: React.js, Express.js
- **Database**: MySQL, MongoDB
